Took a lot of hard knocks, big rocks hit him in the head  
when he was young  
He was all he ever had; it wasn't bad in the sun  
In and out of love again another friend lost when his  
roots were torn away  
So he took a breath and never looked back again

Shining like an unknown superstar  
Getting what he wants when he wants it, living large  
Keeps a little sunshine in his heart, yeah yeah yeah  
(He's come a long way)  
Never made it out to Hollywood  
Getting what he wants when he wants it, got it good  
Just another unknown superstar, yeah

Now he's got a big life, appetite, love is all around him  
where he goes  
Giving more than he can take he's not a fake and it  
shows  
Running with a tough crowd, strong and loud, gonna  
change the world if he can  
You don't know his name, not in it for fame, oh no

Shining like an unknown superstar  
Getting what he wants when he wants it, living large  
Keeps a little sunshine in his heart, yeah yeah yeah  
(He's come a long way)  
Never made it out to Hollywood  
Getting what he wants when he wants it, got it good  
Just another unknown superstar, yeah

Shining like an unknown superstar  
Getting what he wants when he wants it, living large  
Keeps a little sunshine in his heart, yeah yeah yeah  
(He's come a long way)  
Never made it out to Hollywood  
Getting what he wants when he wants it, got it good  
Just another unknown superstar, yeah
