Like an old time movie  
We watch on TV  
Every night, black and white  
The same old you and me

You know all of my music  
Yes I know your rhymes  
Yes we just did everything  
One too many times

Isn't it lonely together  
Isn't it lonely together  
I know I don't know  
What I'm lookin' for  
But I need more

You say your mine  
And I'll be yours  
But life is more than walls and floors  
Windows and doors

I'm not your table  
And your not my chair  
This can't be love we're makin'  
'Cause I'm not really there

Isn't it lonely together  
Isn't it lonely together  
I know I don't know  
What I'm lookin' for  
But I need more

You won't forget me  
So now don't regret me  
I'm like time movin' on

Can't you see  
It's really not me  
But love that's gone

No use pretending  
That we're still the same

I know you're  
But we'll never change

I took all of your secrets  
And gave you my dreams  
But I really did love you  
Whatever that means

Isn't it lonely together  
Isn't it lonely together  
I know I don't know  
What I'm lookin' for

Isn't it lonely together  
Isn't it lonely together  
I know I don't know  
What I'm lookin' for
