[Chorus]

Leave right now
It's the end of you and me
Oh won't you leave right now
Couldn't you see
Leave right now
Cos you cheated on me
Don't you know don't you care
It's just the way things have to be
Oh
It's just the way things have to be
Yeah

[Verse 1]

I'm breaking up with you
Yes you heard me right so shoo
I don't wanna tell you
Over and over again
Cos you asked to the prom my best friend
So our relationship is coming to an end
I don't wanna tell you
Again
But I love the look on your face
Oh I love your beautiful grace

[Chorus]

Leave right now
Just go away
Oh won't you leave right now
You're leaving today
Leave right now
To make me feel okay
Bet if you knew you wouldn't care
That it's the way things have to stay
Oh
It's just the way things have to stay
Uh-huh
Oh

[Verse 2]

I'm saying leave right now
Cos I can't believe your crown

That came from asking
Me and my BF to the dance
Cos my BF saw us kissing
And I was thinking about our relationship
I guess I'd better think again
But you're much more beautiful than her
Our relationship won't be a blur

I said

[Chorus]

Leave right now
It's the end of you and me
Oh won't you leave right now
Couldn't you see
Leave right now
Cos you cheated on me
Don't you know don't you care
That it's the way things have to be
Oh
It's just the way things have to be
Yeah
Uh-huh

[Bridge]

I said
Leave, leave
Leave right now
I said
Get, get
Get out
I said
Move, move
Out of my way
I said
Shoo, shoo,
To make me feel okay
I said

[Chorus]

Leave right now
It's the end of you and me
Oh won't you leave right now
Couldn't you see
Leave right now
Cos you cheated on me
Don't you know don't you care
That it's the way things have to be
Leave right now
Just go away
Oh won't you leave right now
You're leaving today
Leave right now

To make me feel okay
Bet if you knew you wouldn't care
That it's the way things have to stay
Leave right now
It's the end of you and me
Oh won't you leave right now
Couldn't you see
Leave right now
Cos you cheated on me
Don't you know don't you care
That it's the way things have to be
Oh
It's just the way things have to be
