This is remix
Now c'mon

[Verse 1]
I'm written you a letter
In the stormy wetter
I told you one, I told you twice
But you wouldn't listen to my advice
But otherwise
I told so many times
Don't think to slow, just blow
I don't come far
'Cause I don't wanna see all the war
Stay away from the trouble
And play that couple
People killin' each other
And I'm asking Why?

[Chorus]
C'mon
Rappin' a like a mummy
Still rappin' like mummy
And I'm not a fuckin' dummy
Now c'mon

[Verse 2]
Stop lookin' at the floor
But dance to this song
Keep ya feet off the ground
And don't start to count
'Cause it's the remix
Ain't it funny?
Where are the bunny's?
Just do your thing
And rap some out
'Cause this is the last day you ever shout loud
Show me your bling
And I would do my thing
I stay under control
As I stil roll
Don't yell to much

Because it's make me touch
You know what to do
Just stay off the ground
'Cause this is the remix
And you know where the party at
So c'mon

[Chorus]
C'mon
Rappin' a like a mummy
Still rappin' like mummy
And I'm not a fuckin' dummy
Now c'mon

[Verse 3]
I'm glad to be myself
Your such and ass If you take my fake cash
No more things 'bout to worry about
So I will speak loud
And rappin' it out
I don't want to go to court
And all I now is that speaking can be short
I'm not yet eighteen so haven't a car
To ride in and get so far
The love from the women
Got me comin'
Just dance to the remix
Just keep the beat
And Starlight will keep the lead

[Chorus 3x]
C'mon
Rappin' a like a mummy
Still rappin' like mummy
And I'm not a fuckin' dummy
Now c'mon

Still rappin' like a mummy
