Starlight Dragons
Yeah,c'mon
Keep on reminisin'

[Chorus]
Keep on reminisise
Old thoughts from the past
Just keep spinnin' in your head
Keep on reminisise
Reminise old thoughts from the past
Just keep your thinkin' again

[Verse 1]
Thinkin' of the good old times
When were just little boys
Thought we have no choice
We played all day
And keepin' the trouble away
On junior high
Playing soccer with your friends
And study shit that won't end
No homework,no worries
No trouble
The good old times
But now we grown up
We don't want to shut up
We have are own opinion
And want to win a million
Just

[Chorus]
Keep on reminisise
Old thoughts from the past
Just keep spinnin' in your head
Keep on reminisise
Reminise old thoughts from the past
Just keep your thinkin' again

[Verse 2]
Now verse two is for my home
Thanks to my parents for raisin' me up

Learn how to go with the people
Take me on a vacation
For the plessure and the sensation
In every city I've been
But now I'm almost grown up
Still teaching much new things
You get born
A sight from the Lord
And have learned how to walk
To talk with the words
Eatin' from the plate
And arrange a date
Earn money to pay the blings
And get on your wings
For different things
'Cause you want to get the top
And do not drop
Before you reach the top
Just

[Chorus]
Keep on reminisce
Old thoughts from the past
Just keep spinnin' in your head
Keep on reminisce
Reminise old thoughts from the past
Just keep your thinkin' again(Thinkin' again)

Just don't stop reminisce
You gotta keep reminisce
Reminise
Reminise
Old thoughts from the past
Just keep spinnin' in your head
Keep on reminisce
Reminise old thoughts from the past
Just keep your thinkin' again(Thinkin' again)
Just don't stop reminisce...
Don't stop.....reminise

Starlight Dragons keep it real to the end
