A long, long time he stayed in deathrow, now the  
chosen day has come  
Lead by the ushers of the court, let the judgment be  
done  
Long ago he saw the daylight without bars  
But this is the last time his sun will rise  
Walking towards the gallows, he knows the sling awaits  
him  
From somewhere he hears music, it's toneless sound  
makes him afraid

Suddenly the music stops, for him the sign to go  
Was it the melody of death or of mercy he doesn't now  
Now he stands on the gallows, face towards the rope  
He believes that after his fall, there's no future, there's  
no hope  
Now his head's fills the sling, he feels the agony  
growing  
Executioner's hand moves the gear-lever, first he  
hovers than he falls !

A sudden push through his body  
With open eyes he stares at this fate  
His lungs gasp for air, his brain explodes  
The abyss of death comes much nearer

[Lead-Sven & Thomas]

Hovering in darkness, his body dies  
His mind exists, searching for light  
A strange feeling, to fly through eternity  
A glow in the darkness, it's a light he now sees

The glowing light comes nearer  
He flies into this soul-mirror  
Now he can see his now phantom mind  
And his life, that's now passed behind

[Lead-Sven & Thomas]

But a quickly growing dark vortex

Draws him away from his soul's destruction  
Now all his emotions and all of his thoughts  
Dissolve in silence-into nothingness

[Lead-Sven]
