"Break Me In"

I cannot take this medicine
It's too strong, it's too strong
And I will not give in to you
We hold this night
To ourselves it's so clear
You're so dear to me
Don't let it go
Please tell me so
And I'm waiting for my
Chance to say good night
But I know that it will
Show up when it's right
But tonight we dance alone

It's hard to say if this is right
Step it up you're getting
Out of sight
Please won't you take me
Go on and break me in
Despite it all
And how we've been
I'd do it all and all again
Please won't you take me
Go on and break me in

I flirt with jealousy
This is a different side of me
Don't go baby
Listen to me now
I was wrong you were right
So let's all just take
One last breath
And decide if we can bite
Our lip for just one more night

[Chorus]

We'll get together someday
When I feel you've forgotten
All of our problems
Don't go leaving
Without one last goodbye

[Chorus]
