It's never easy this I know  
I've been through it  
All the same  
So allow me to explain  
How to get by these days  
How to get by these days

Take a look around and  
Tell me what you see  
There's a click on every  
Corner claiming originality  
But realize unique is never  
Hard to see, it's not so hard  
From a child's mentality  
When you long for  
Something more  
Than the average ordinary  
Be strong for just this once  
And follow  
Where this will lead you

Who we are, who are are  
Is the question  
For what it means to be  
Who we are, who are  
Today to be different  
In just one way  
Who we are, doesn't seem  
To even matter because  
It's all been done before  
So go ahead  
Give up on determination

It's hard to swallow, the fact  
That I am just the same  
In a matchbook romance I am  
Leading us to fame  
I just don't see the point now  
Of going the extra mile  
I've decided to sit back  
For a while  
Take it in and write it down

This how it's supposed to be  
Hold it back and don't be loud  
And you'll see  
Where this will lead you

[Chorus x2]

Who will lead you  
And not deceive you  
Will you ever turn around  
(Give up your determination)
