Holding on is not
Part of my town
We let it go just as
Easy as the news
Simplify what we
Thought is over
I'm ready now to choose
All I wanted was a
Little time to
Cash the change wrap it up
For once in a while
I'm coming down again

It always starts out
Strictly casual
And does a turn around
Right along the way
Explanation concentration
To find words to say
I never said
This would be a guarantee
It's the end of the road for me

Well we fight fight hard
To get up when we're down
But giving up is just as easy
Believe me I know
The routine of the world
The dramatic ecstatic people
Try to get to you down
But there's something wrong
With living on the rebound

We starting running with
The will to get far
We lost the road and the
Guide to get us through
Regrets will never help to
Solve the issue
So tell me what to do
I never said
This would be a guarantee

It's the end of the road for me

[Chorus x2]
