Stars Go Dim
"Come Around"

Lyrics by Joey Avalos and Chris Cleveland
Music by Joey Avalos

You've got to believe me,
When I say I'll follow you
Through the depths of higher water
Till the end I'll fight for you

I'll wait till you come around
Till you find yourself in you
Till you find that there is no one
Who could love you more than me

And I'll wait till I'm your last memory and I'll
Hold you till you fall in love

Cause I'll be here when you come around
I'll never be the one to
Put you out or put you down
Your life will never be the same

When you're with me, Honey
Everything seems to fall in place
Somehow,
I'll be here when you come around

You have your doubts on love
You will always have your fears
You will have your apprehensions
Scared that love will lead to tears

I will always be
Right here waiting for you
Cause forever love doesn't always come around
everyday
Hey

Cause I'll be here when you come around
I'll never be the one to
Put you out or put you down
Your life will never be the same

When you're with me, Honey
Everything seems to fall in place
Somehow,
I'll be here when you come around

So take your time, don't you worry now
I don't want to rush you into anything
That you're not ready for

Cause when the time is right you know that I'll be
waiting here
To love you, girl
I'll never let you go

Cause I'll be here when you come around
I'll never be the one to
Put you out or put you down
Your life will never be the same

When you're with me, Honey
Everything seems to fall in place
Somehow,
I'll be here when you come

Cause I'll be here when you come around
I'll never be the one to
Put you out or put you down
Your life will never be the same

When your with me, Honey
Everything seems to fall in place
Somehow,
I'll be here when you come around

I'll be here when you come around

I'll be here when you come around
