Hey hey hey hey
La da da da
Ahhh ahh ahh hmm
La da da da yeah

You walk in just a normal afternoon
My hearts beating like it only does for you
You speak first in a reluctant kind of way
As if you rehearsed everything about to say
But your words aren't coming out easy
So I speak up without thinking

Hey hey girl it's now or never
I know you're scared but well make it through whatever
Comes our way yeah I know well be together
Hey hey girl it's now or never

La da da da
Ahhh ahhh ahh hmm
La da da da yeah

You look stunned
Not quite sure just what to say
So I speak up
Please let me rephrase
I love you
Give me one reason we should wait
Lets get wasting time
We can't run away from fate no

Cause now I think that this what I want
More than you so baby make you mine love

Hey hey girl it's now or never
I know you're scared but well make it through whatever
Comes our way yeah I know well be together
Hey hey girl it's now or never

Hey hey girl it's now or never
I know you're scared but well make it through whatever
Comes our way yeah I know well be together

Hey hey girl it's now or never

I just need to now
I can't wait another second baby so

Hey hey girl it's now or never
I know you're scared but well make it through whatever
Comes our way yeah I know well be together
Hey hey girl it's now or never

Hey hey girl it's now or never
I know you're scared but well make it through whatever
Comes our way yeah I know well be together
Hey hey girl it's now or never
