Is it so hard for you to turn around  
And make the right desisions  
You never even attempted to try  
Aome people go their whole life without changing or  
rearranging  
Is it so hard to be your self?  
Is it something you can do?  
Somehow we have managed to over look that point of  
view  
Quit all your bitching  
I wont let it phase me  
Your lazy and smoked out and so complecated  
Some people go their whole life without changing  
But inside there screaming for some rearranging  
Is it so hard to be your self?  
Is it something you can do?  
Somehow we have managed to over look that point of  
view  
...And I don't want any changes (x4)  
Lets go!  
...And I don't want any changes (want any changes)  
(x3)  
And i was never on your side  
How could you move on  
Try to leave it all behind  
You left me there alone  
And everytime i close my eyes im living with myself  
And still you need me and i cant help  
Is it so hard to be your self?  
Is it something you can do?  
Somehow we have managed to over look that point of  
view  
...And I don't want any changes (x4)  
Lets go!  
...And I don't want any changes (want any changes)  
(x3)
