Free to go out in the world
I will open the cagedoor
so you can be as free as you can be
I build you up you are my king
I'm the keeper of your soul
The owner of your heart me an closed door

Chorus:
Fly... away fly... away
come back one day
I'll be here don't make me wait in vain

Free to go out in the world
i will open the cagedoor
so you can be as free as you can be
i build you up you are my king
I'm the keeper of your soul
the owner of your heart me an closed door

Open Up And Let Me In,
Open Up, Don't Be Afraid,
Open Up, Surrender To Who Is There Upon.

Open Up And Let Me In,
Open Up, Don't Be Afraid,
Open Up, Surrender To who is there Upon.

Chorus:
Fly... away fly... away
come back one day
I'll be here don't make me wait in vain
