I wanna see the rainbow high in the sky  
I wanna see you and me on a bird flying away  
Then I hope to see your smile  
Every night and day  
I wanna see the rainbow high in the sky  
I wanna see you and me on a bird flying away  
Then I hope to see your smile  
Every night and day  
Rainbow high in the sky  
You and me on a bird flying away  
Hope to see your smile  
Every night and day  
I wanna make love to you  
Lead you to tomorrow  
I wanna feel the sunshine after rain  
We can reach out for the sky  
No more pain and no more sorrow  
For you I am the one that I could never be, never be  
I wanna see the rainbow high in the sky  
I wanna see you and me on a bird flying away  
Then I hope to see your smile  
Every night and day  
I wanna see the rainbow high in the sky  
I wanna see you and me on a bird flying away  
Then I hope to see your smile  
Every night and day
