I caught you leaving, I was sleeping
With one eye open, I heard the door slam
Cigarette smells in the kitchen
Somethings burning
I'm not listening to a word youve said
I couldnt tell you how many times
I almost went away
I couldnt tell you all the things
That I would like to say
I couldnt have you for a moment
And enjoy the day
I couldnt love you
But I gave you everything
And now I ache deep inside
I don't appreciate
I know it's not too late
To figure out my fate
And suddenly I had an epiphany
And I started to bleed
Yeah
Chorus:
Im such a genius
I don't see this turning my way
I guess I'll put you in a box
And throw the key away
Ill try to get in shape
Lose some weight, it's a way
To retaliate, to retaliate
Im such a genius
I don't see this any other way
I guess I'll block you out
Forever in my memory
Ill try to get in shape
Lose some weight, it's a way
To retaliate
And it's the weekend, in the evening
And Im staring at the ceiling
And I remember
All the reasons, you were cheating
You were keeping thought from me
And I had a feeling (I had a feeling)

I had a feeling (I had a feeling)
No, and I don't appreciate
I know it's not too late
To figure out my fate
And suddenly I had an epiphany
And I started to bleed
To bleed
Chorus:
Yeah
These are the things that you might go through in my
shoes
Call it what you will, it feels so unreal until you lose
Its killing me, don't you see, Im up in arms over you
For all the heartache and the pain you drove me to
Ill show you
Im gonna get you back
Im gonna make you pay
Im gonna get you back
I will retaliate (x4)
