I don't know
Where we're gonna go from here
I can't see the end
But everything's gonna be alright
Cause I won't give up without a fight
Everything's gonna be alright, I pray

When I see your face
I lose my breath
And I can't say anything

And I can't stop thinking that you're the one
And I can't stop thinking that you're the one
I can't stop thinking that you're the one
Cause I can't stop loving you

When day is gone
I just wanna be with you
And hold you in my arms
But you're so far away even when you're near
And you're never really gone but you're never here

I just want to understand
Why I feel this way again
I'd give anything to know when
I'll hear your voice and feel your touch again
