Come and try to save me
Cause Iâ€™m beyond despair
Tell me that itâ€™s over
Cause I need something than what Iâ€™ve found
Can the chains be broken?
Can love conquer me?

I donâ€™t know you
But I love you anyway
I canâ€™t see you
But I know youâ€™re hear to stay
I donâ€™t know you
But I know youâ€™re there for me
When Iâ€™m falling down

Come try to change me
Iâ€™m beyond repair
Tell me that itâ€™s over
And give me something more than what Iâ€™ve found
Can the chains be broken?
Can love conquer me?

I donâ€™t know you
But I love you anyway
I canâ€™t see you
But I know youâ€™re hear to stay
I donâ€™t know you
But I know youâ€™re there for me
When Iâ€™m falling down

I am
And I canâ€™t...

I donâ€™t know you
But I love you anyway
I canâ€™t see you
But I know youâ€™re hear to stay
I donâ€™t know you
But I know youâ€™re there for me
When Iâ€™m falling down
