

Deathspell Omega "Forever Cold"

Onward to your final journey into life,
Fast heartbeats are the result of fear.
I have killed all your feelings,
Except this intolerable pain.

You've never understood so well how it is to be a victim.
A terror is devouring you from the inside.
Fire is burning your flesh but in the end, you know you'll
remain...
Forever cold.

This is a sublime fascination for Death,
A conception of beauty so far from humanity.
Your pain is Satan's pleasure, and Satan is inside of
me.
Men are destined to be sacrificed.

God's moral is desecrated
In the symbol of this humiliated body.
A corpse without soul is left...
Forever cold, forever dead.

A grandiose misery is deforming your face,
A face I'll crush after my most insane laugh.

My hate towards your kind, you see it in my eyes,
I can't stand watching you live, you can't even say your
prayers.
I don't hear your cries anymore,
It means that you are dead now.

You've never understood so well how it is to be a victim.
A terror is devouring you from the inside.
Fire is burning your flesh but in the end, you know you'll
remain...
Forever cold.

This is a sublime fascination for Death,
A conception of beauty so far from humanity.
Your pain is Satan's pleasure, and Satan is inside of
me.
Men are destined to be sacrificed.

God's moral is desecrated
In the symbol of this humiliated body.
A corpse without soul is left...
Forever cold, forever dead.
