Wear your black sunglasses.  
So i can't read your eyes.  
Keep on talking all your shit,  
I can see between the lines.  
And i can , see through you..

(Chorus)

So what, what  
What are you tryna hide?  
Is it the truth, or the lies ?  
That keep you up at night  
So what, what  
What are you tryna hide?  
Is it the truth, or the lies ?  
That keep you up at night

You always got an excuse,  
For why you get so high .  
And you will stop at nothing,  
Until your Satisfied.  
And i can see through you..

(Chorus)

So what, what  
What are you tryna hide?  
Is it the truth, or the lies ?  
That keep you up at night  
So what, what  
What are you tryna hide?  
Is it the truth, or the lies ?  
That keep you up at night
