Drowning myself, over and over
Desolate, trying it's over

Why so cynical in life
You think you're living to die
All in wait, all in wait

Burning inside, long for answers
Makes no sense, trying it's over

Why so cynical in life
You think you're living to die living to die
Living to die living to die living to die
All in wait

Step down and smile at this fool
That believes his own word his own word
His own word his own word his own word
All in wait

Drowning myself
Over and over

Now I'm drowning myself over and over
(Drowning myself over)
Desolate we're trying but you say it's over
All in wait

Drowning myself
Drowning myself
Drowning myself
Drowning myself
Hope you wait

Why so cynical in life
You think you're living to die living to die
Living to die living to die living to die
All in wait

Step down and smile at this fool
That believes his own word his own word
His own word his own word his own word

All in wait

Now I'm drowning myself over and over
Desolate we're trying but you say it's over
Burning inside as we long for these answers
Makes no sense we're trying but you say it's over
(Over)
