It's Brainfrog.

It's Brainfrog.

It's Brainfrog.

It's Brainfrog.

[Silence from 2:19 to 7:20:]

[Otsego Amigo a cappella version:]

[x2]

Evil inside

Leave that behind

Into the night

Otsego life.

Holy shit, start to run

Look out fuckers, here he comes

Now he's back from the dead

Here to start the shit again

Don't try & get into my way

'Cause you don't like the price you'll pay

Party down, run away

You'll be dead either way.

When he comes, give you drink

You'll get use to his rotting sink

He'll show you a time as well

In the end you'll go to hell

You see the filth, you see a wretch

You want it all, but there's a catch

All your life, all your dreams

Here can hear all your screams.

[x2]

Evil inside

Leave that behind

Into the night

Otsego life.

Otsego Amigo.
Otsego Amigo.
Otsego Amigo.

[Background in Spanish:]

Pinches culeros
Cabrones, hijos de puto
Huyan a sus madres
Que vengo a chingarme sus mujeres
Fumar su mota
Tomarme toda la cerveza
Y romperles la pinche cara
Âi Me vale madres pendejos!
Me dan lo que quiero, y no hay bronca
Me niegan, va a haber desmadre
Â¿Creen que pueden conmigo?
Pinches idiotas
No pueden matarme, ya estoy muerto
Si siguen conmigo
Van a rogar por la pinche muerte
Y va a haber madre, pinche madre
Aahhh...

Evil inside
Leave that behind
Into the night
Otsego life.

Hurt the ones you love the most
He'll make you turn white as a ghost
Frightening beyond belief &
Now your life is filled with grief
With his bony hands of death
He'll choke you 'til your final breath
Now you see, now you know
Your evil friend of otsego.

Otsego Amigo.
Otsego Amigo.
Otsego Amigo.
Otsego Amigo.

[Instruments start to the end:]
