Will these dreams still follow me  
Out of dark obscurity?  
Can't you see it up in the sky  
As it kicks you in the face and lets you die

You never had the answers  
Now you tell me the facts of life  
I really couldn't be bothered with you  
Get out of my face and watch me die

Burning inside, burning inside

Absolution and a frozen room  
Are dreams of men below  
I try to grab it but the touch is hot  
The mirror collapses, but the image cannot

I'm scared of the darkness in light  
I scare myself because I know I'm right  
I see the evil in your savage eye  
As it cuts right through the sky

Burning inside, burning inside  
Burning inside, burning inside  
Burning inside, burning inside  
Burning inside, burning inside

Calling the mantra with a blade in the skin  
For the demons within  
I feel the pain is the death and decay  
But the lesson never fades away

Two little shadows, turning away  
Another man through the window pane  
Another slave and a victim of fate  
Another lesson in hate

Burning inside, burning inside  
Burning inside, burning inside  
Burning inside, burning inside  
Burning inside, burning inside

Burning inside, burning inside  
Burning inside, burning inside  
Burning inside, burning inside  
Burning inside, burning inside
