i take the hold

i bled for days
i bled for days
i bled for days
i bled for days

get to the race [hate]
the healing of it ----ing with
conceal the scab you don't want to show [fate]
into the hate [no]
i channel all the negative and [break]
i bled for days now i take the hold - go!

get to the race [hate]
the healing of it ----ing with
conceal the scab you don't want to show [fate]
into the hate [no]
i channel all the negative and [break]
i bled for days now i take the hold - go!

i don't believe it
---- me, read me, get me [bled for days]
smile on my rage i'm
scarred by age, i bled [bled for days]

uselessness
it's uselessness

it's uselessness
it's uselessness

make my weapons
make my weapons
make my weapons
take the hold

i don't believe it

smile on my rage i'm
scarred by age, i bled [bled for days]
