You enveloped in your
You enveloped in your
You enveloped in your
You enveloped in your head

Justify it in your
Justify it in your
Justify it in your
Justify it in your head

Head
Yet we speed
I know what I've got to
Frightening ends
Said, "I know what I've got to do"
Yet we speed
I know what I've got to
Frightening ends
Said, "I know what I've got to do"

See the savage in me
See the savage in me
See the savage in me
See the savage in my head

You claim to be I'm all
You claim to be I'm all
You claim to be I'm
Why you claim to be I'm head?

Head
Yet we speed
I know what I've got to
Frightening ends
Said, "I know what I've got to do"
Yet we speed
I know what I've got to
Frightening ends
Said, "I know what I've got to do"

I'm old, I'm wasted
I've come full circle

I'm old, I'm wasted
I've come full circle

I'm old, I'm wasted
I've come full circle
I'm old, I'm wasted
I've come full circle

I'm old, I'm wasted
I've come full circle
I'm old, I'm wasted
I've come full circle, yes

Head
Yet we speed
I know what I've got to
Frightening ends
Said, "I know what I've got to do"
Yet we speed
I know what I've got to
Frightening ends
Said, "I know what I've got to do"

Yet we speed
I know what I've got to
Frightening ends
Said, "I know what I've got to do"
Yet we speed
I know what I've got to
Frightening ends
Said, "I know what I've got to do"

Yeah yeah, I know what I've got to
Yeah yeah, I know what I've got to
Yeah yeah, I know what I've got to
Yeah yeah, I know what I've got to
