Evil inside  
Leave death behind  
Into the night  
Ostego life

Holy shit, start to run  
Look out fuckers, here he comes  
Now he's back from the dead  
Here to start the shit again  
Don't try and get into his way  
'cause you won't like the price you'll pay  
Party down, run away  
You'll be dead either way

When he comes, give your drink  
You'll get use to his rotting stink  
He'll show you a time as well  
In the end you'll go to hell  
You see the filth, you see a wretch  
You want it all, but there's a catch  
All your life, all your dreams  
Here can hear all your screams

Evil inside  
Leave death behind  
Into the night  
Ostego life

Ostego amigo

Hurt the ones you loved the most  
He'll make you turn white as a ghost  
Frightening beyond belief and  
Now your life is filled with grief  
With his bony hands of death  
He'll choke you till your final breath  
Now you see, now you know  
Your evil friend of otsego

Ostego amigo
