Evil inside  
Leave death behind  
Into the night  
Otsego life

Evil inside  
Leave death behind  
Into the night  
Otsego life

Holy shit, start to run, look out fuckers, here he comes  
Now he's back from the dead here to start the shit  
again  
Don't try and get into his way 'cause you won't like the  
price you'll pay  
Party down, run away, you'll be dead either way

When he comes, give your drink, you'll get used to his  
rotting stink  
He'll show you a time as well in the end you'll go to hell  
You see the filth, you see a wretch, you want it all, but  
there's a catch  
All your life, all your dreams he can hear all your  
screams

Evil inside  
Leave death behind  
Into the night  
Otsego life

Evil inside

Leave death behind  
Into the night  
Otsego life

Hurt the ones you loved the most, he'll make you turn  
white as a ghost  
Frightening beyond belief and now your life is filled  
with grief  
With his bony hands of death, he'll choke you till your  
final breath  
Now you see, now you know your evil friend of otsego
