

Static-X "Skinnyman"

Visit "[Skinnyman](#)" on MotoLyrics.com

My little girl, my little girl
My little girl, where are you?
My fucked up world, my fucked up world
My fucked up world destroyed you

Day after day, day after day
I get it now, I just go on without you
Twisted inside, six miles high
I rehearse how to say goodbye to you

Skinnyman
Turned into a monster, I'm a motherfucker

Wrap it up tight, wrap it up tight
Emotions are distorted
It's no surprise, nothing alive
All hope has been aborted

Day after day, day after day
I get it now, I just go on without you
Twisted inside, six miles high
I rehearse how to say goodbye to you

Skinnyman
Turned into a monster, I'm a motherfucker
Inside I'm dead
All used up, goddamn I miss her

As my skin turns yellow
I forget this hell
As the skies are bruised
And the rain comes down

As my face turns pale
Try to deal with these thoughts
At the end of it all
At the end of it all

And at the end of it all
At the end of it all
At the end of it all
At the end of it all

At the end of it all
At the end of it all
At the end of it all
At the end of it all

Skinnyman
Turned into a monster, I'm a motherfucker
Inside I'm dead
All used up, goddamn I miss her

As my skin turns yellow
I forget this hell
As the skies are bruised
And the rain comes down

As my face turns pale
Try to deal with these thoughts
At the end of it all
I still miss you
