Can I not be taken
Such extreme that you whisper
The intent of your dark eye
Notions always remember
I have seen symptoms of mercy
Drag out of hiding

Try to seduce me
Try to seduce me
Remember, remember

So rotten, sorry
The truth is a truth
Those are my words
So rotten, sorry
The truth is a truth
Those are my words

So rotten, sorry
The truth is a truth
Those are my words
So rotten, sorry
The truth is a truth
Those are my words

Kiss me, kiss this
I don't remember
Three years, three tears
What's wrong and damn

I feel I fear
Never for nothing
I fucked I love
Now I remember
Remember, remember
