The beat, fleeting  
The beat, the joy  
The beat, fleeting  
The beat, joy  
The beat, the joy

Terminate, tera-fied, smash it up, draw the line  
Fuck it up, rev it up, modulate it, penetrate it  
You and me, me and you, everything, see it through  
Take it all away, you make it motherfucking hard

Put it in the slot, breathe it all in, take another hit  
Show me what you've got, rhythm in the head  
Hold the fucker in, never got enough, never got  
enough  
Loving you to death, I put the trigger on hold

Tera-fied  
Getting me higher  
Put it inside  
Set in on fire

Stick it in, do it right, live to win, end the fight  
Bleeding out, all around, grab it as you come  
And shoot it, far as you can make it go

Think of what it makes you do  
Take it all away, until you're harnessing the spark

Put it in the slot, breathe it all in, take another hit  
Show me what you've got, rhythm in the head  
Hold the fucker in, never got enough, never got  
enough  
Loving you to death, I put the trigger on hold

Tera-fied  
Getting me higher  
Put it inside  
Set in on fire

Put in the slot, breathe it all in, take another hit  
Show me what you've got, rhythm in the head

Hold the fucker in, never got enough, never got  
enough  
Loving you to death, I put the trigger on hold

Tera-fied  
Getting me higher  
Put it inside  
Set it on fire

Tera-fied  
Getting me higher  
Put it inside  
Set in on fire
