you enveloped in your
you enveloped in your
you enveloped in your
you enveloped in your head
justify it in your
justify it in your
justify it in your
justify it in your head
head
to frightening ends
i said i know what i've got to do
see the savage in me
see the savage in me
see the savage in me
see the savage in my head
you claim to be
i'm all you claim to be
i'm all you claim to be
i'm all you claim to be
i'm head
i'm old
i'm wasted
i've come full circle
