(Cliff Crofford - John Durrill - Snuff Garrett)

Spend the night in Charlotte's bed you might get
caught in Charlotte's web
A satin rose that's growin' wild Charlotte holds more
secrets than the Nile
She spins and waves her magic spell her body speaks
what words can't tell
I'm the moth she's the flame in a town that's all too
quick to smear her name.

But I'll take the likes of Charlotte and her kind
Small town talk don't matter now that Charlotte's mine
It may be true that other men have found her bed
But I'm the one who's caught in Charlotte's web.

--- Instrumental ---

Charlotte took me late one night to a secret room by a
candle light
She dealt the cards and read my hand and said she
hoped that I would understand
She turned two cards up face to face she said two
hearts have found their place
Now all the rest is history the future's full of Charlotte
loving me.

And I'll take the likes of Charlotte and her kind
Small town talk don't matter now that Charlotte's mine
It may be true that other men have found her bed
But I'm the one who's caught in Charlotte's web...

It may be true that other men have found her bed
But I'm the one who's caught in Charlotte's web
Charlotte's web, Charlotte's web
Charlotte's web, Charlotte's web.
