The longer I know her the more I can tell  
My darling's not happy with me  
The longer I know that I know her too well  
The less love in her eyes I see

'Cause she don't hold and kiss me  
Like she did one time  
I think my sweet baby's  
Got leavin' on her mind

The stronger I hold her the farther apart  
my darling is growing from me  
The danger of my darling breaking my heart  
it's fast movin' in on me

'Cause she don't hold and kiss me  
Like she did one time  
I think my sweet baby's  
Got leavin' on her mind

She don't hold and kiss me  
Like she did one time  
I think my sweet baby's  
Got leavin' on her mind

She don't hold and kiss me  
Like she did one time  
I think my sweet baby's  
Got leavin' on her mind
