(Don Reid)

Jesus take another look at me
And tell me if I stray too far to be
As close as you and I used to be
Jesus take another look at me.

They say I've changed from all I used to be
Some blamed her while others blamed me
But down deep inside where mortal men can see
Jesus take another look at me.

Jesus, oh Jesus, we prayed
And we prayed together her and me
But down in our heart, well, only you can see
Jesus take another look at me.

Jesus take another look at me...
