(Don Reid - Harold Reid)

Memories, memories, memories

The county fair, a Teddy bear  
That football game, when I was lame  
The formal dance, I tore my pants  
Memories, memories, memories.

A midnight swim you sure looked trim  
The class night gown you brought 'em down  
That old Chevrolet it's had it's day  
Memories, memories, memories.

Makin' memories in everything we do  
Makin' memories with you for me for you  
Lookin' back all the bad times get lost among the sand  
So we'll keep makin' all the memories we can.

Now every cent is always spent  
On our little boys and their little toys  
And our little home and our big loan  
Memories, memories, memories.

The late late shows on TV  
Their the ones that we used to see  
Back when we you and me  
Memories, memories, memories.

Makin' memories in everything we do  
Makin' memories with you for me for you  
Lookin' back all the bad times get lost among the sand.  
So we'll keep makin' all the memories we can.

Memories, memories, memories...
