"Nobody Else"

Visit "[Nobody Else](#)" on MotoLyrics.com

When I lie down beside you
And her attentions all on me
There's nobody else that I would rather be

When I look across the table
And you're lookin' back at me
There's nobody else that I would rather be

No picture in the paper
The moon is our TV
Nobody in the news are history

When our babies call me Daddy
And throw their arms 'round me
There's nobody else that I would rather be

No picture in the paper
The moon is our TV
Nobody in the news are history

When our babies call me Daddy
And throw their arms 'round me
There's nobody else that I would rather be
There's nobody else that I would rather be
