She thinks I still care

Just because I asked a friend about her
Just because I spoke her name somewhere
Just because I rang her number by mistake today
She thinks I still care

Just because I haunt the same old places
Where the memory of her lingers everywhere
Just because I'm not the happy guy I used to be
She thinks I still care

And if she's happy thinking I still need her
Then let that silly notion bring her cheer
Oh how could she ever be so foolish
Tell me where did she get such an idea

Just because I asked a friend about her
Just because I spoke her name somewhere
Just because I saw her then went all to pieces
She thinks I still care

How could she think I still care
