Elizabeth Dreams (Wilde and Scott)

Elizabeth dreams
Of the day
When the way
That I looked at her
Made her feel
She was real

Elizabeth dreams
Of the time
She was mine
When she didn't need any more
She was sure
She was sure

Out of sight ??
By candlelight ??
And see green ??
And see green horses ??
I said she's out of sight ??
By candlelight ??
And fairy ??
Fairy stories ??
Elizabeth is not what she seems
Elizabeth dreams
Elizabeth dreams

Elizabeth dreams
Holding fast
Through the past
When a morning
Was something new
Flowers grew

Elizabeth dreams
But it's late
And she waited too long
And tomorrow goes
Now she knows

Now she knows

Out of sight ??
By candlelight ??
And see green ??
And see green horses ??
I said she's out of sight ??
By candlelight ??
And fairy ??
Fairy stories ??
Elizabeth is not what she seems
Elizabeth dreams
Elizabeth dreams
Elizabeth dreams

Elizabeth dreams
Elizabeth dreams
Elizabeth dreams
