For your crimes against the holy church  
this court sentences you to death penalty!  
You'll burn on the stake to purify your faults  
by the will of the supreme judge:

The grand inquisitor, the devil's conqueror!

This supreme court of christ  
has recognised your heretic state.  
You have denied your god  
to worship his enemy.

In the name of our lord  
the trial has just begun  
we have heard the witnesses and proved your sins.

Now you must confess  
all your blasphemies  
so send this man to torture, the dungeon awaits him.

Red-hot iron and the whip can help you  
to remember who is the only lord.  
Scream! Scream! Shout all your curses!  
Burn! Burn! Reach the flames of hell!

Then you'll be doomed to die  
on the burning stake.  
It's the only way to save your guilty soul.

The result of your studies  
now must be destroyed  
all your wealth confiscated ?cause this is the law!

So your ashes will be thrown to the wind  
and we all will forget your cursed name!

I don't care if you're innocent  
my only pleasure is to see you bleed.

Pains and suffering have fortified my reign  
the church of fear, the reign of blessed death!
