Start a riot in the city tonight  
Find me young and desperate  
Under the streetlights  
I've got a book full of hooks to lay down  
I'm a crook with the way I roll out

Baby I love the way you wear those hips  
I can't forget the cherry flavor taste  
Surrounding your lips  
So call me crazy girl  
But I know you know it's on

And shorty's riding dirty  
And she's calling me up yo  
Slurring all her words and  
Telling me she's in love  
Well baby, I don't roll like that  
So get your ass in the back of the Cadillac

Woah oh, how do we make our getaway?  
I wanna know, are you down?  
Are you down to run with me?

I got cutie on lock  
With the game I spit  
I work it smooth from the drop  
It's the way I hit  
I leave 'em wide-eyed  
And dazed with passion  
Shorty got (got what, yo?)  
Talent

Baby, are you down for the ride?  
'Cause lately I have you on my mind  
I drop this like it ain't no thing  
'Cause baby, Cali can't wait  
For them diamond rings

You've got stars like us in your eyes

Woah oh, how do we make our getaway?  
I wanna know, are you down?

Are you down to run with me?

We took a chance  
We had the summer time and made it to the coast  
We slept in cars and saw the shoreline  
Fade to crimson red and gold  
We fell in love back then  
And swore to run against the ocean air  
The ocean air...

Woah oh, how do we make our getaway?  
I wanna know, are you down?  
Are you down to run with me?

Woah oh, how do we make our getaway?

(Are you down to run with me?)

I wanna know, are you down?  
(Are you down, are you down?)  
Are you down to run with me?
