If you ever need me
I will never let you down
When the hurt is leaving
I will bring my love around

Come on
If you could only believe me
Come on
It's not that hard it's so easy
Come on
We'll make it up as we're going along

If you think you understand
Then come on
Well if you think you understand

If you think you understand then come on let's get
together (3x)
Come On

If your heart is beating
It don't mean that you're alive
If you don't try
Then I'll see you on the other side

Come on
If you could only believe me
Come on
It's not that hard it's so easy
Come on
We'll make it up as we're going along

If you think you understand
Then come on
Well if you think you understand

If you think you understand then come on let's get
together (3x)
Come on

If you think you understand then come on let's get

together (3x)
Come on
