"That's life", that's what they say, sit in your own shit
and leave it that way
Is this a bad soap opera on repeat or is it just another
day?
Dare you do something new or just sit and smoke the
day away?
When life gets stale and it starts to decay I'll always up
and run away
To my mistake - you can't hurt me a-ha
To my job - you can't chain me a-ha
To the bank - you're not gonna get my money no
I'm gonna run and I need no-one beside me now
No, I don't know what's coming
But why does that have to be daunting?
I'm running on taxpayers money a-ha
You're in control, you can make your own choice, why
do you push away that voice?
No-one's gonna make you happy, not a man who acts
like a boy
Because in the end back it will come and spoil the night
when it was meant to be fun
I know what this will do to you but something's got to
break before I do
I don't know what I'm looking for a-ha
They say that happiness is going too far a-ha
I don't know why my feelings change, no/but don't push
me while I'm in this state, no
No I don't know what coming
But why does it have to be daunting?
I'm running on taxpayers money a-ha
You're not gonna hold me back a-ha
I'm only a little off-track a-ha
You want attention but you'll have to look elsewhere
I would react, but I don't really care
No I don't know what's coming
But why does that have to be daunting?
I'm running on taxpayers money a-ha
