Love me baby
Love me when I'm down
Love me baby
Love me when I'm down
Love me baby, always be around

Throw your arms around me like a
Circle 'round the sun
Throw your arms around me like a
Circle 'round the sun
Oh love me pretty baby
Like we just begun

(solo)

Love me baby
Love when I'm down
Oh lo-lo-lo love me baby
Love me when I'm down
Want you to hang on to me Baby
Always be around

Throw your arms around me like a
Circle 'round the sun
Throw your arms around me like a
Circle 'round the sun
Oh won't you love me, woman
Like we just begun

(Solo)
