Well I been so many times  
You know I could allow  
I kept you on beside me baby  
But now you're gone yourself  
You know I'm a loser  
I'm a loser on what I do  
Before I looked you were behind me  
Oh but now I find I lost you too

Well I'm wrapped up in my sorrows  
I can't unlock the door  
Just can't get the picture  
You won't be around here no more  
You know I'm a loser  
I'm a loser on what I do  
Before I looked you were behind me  
Oh but now I find I lost you too

(Solo)

Well I been so many times  
You know I could allow  
Kept you on beside me baby  
But now you're gone yourself  
Well I'm a loser  
I'm a loser on what I do  
Before I looked you were behind me  
But now I find I've lost you too  
I lost you too
