(Egan)

So they made you a star, now your head's in a cloud,
Now you're walking down the street with your feet off
the ground

They read in the press all about your success,
They believe every word they've been told.
After all you've been through tell me what will you do,
When you find yourself out in the cold?

When you appear on the stage there's a standing
ovation,

You really live out your performance, you're the
biggest sensation.

You breeze through the door and when you take the
floor

You expect to have it all to yourself.
After all you've been through tell me what will you do
When you find yourself back on the shelf?

You breeze through the door and when you take the
floor

You expect to have it all to yourself.
After all you've been through tell me what will you do
When you find yourself back on the shelf?
