Steadman "Transmission"

This signal's heading nowhere fast,
There's intermission in the sound,
It's fading in and out,
It breaks down,
It starts back up,
This transmission's been shorting out.

Today, I stand here in front of you, Save me, From making mistakes we can't help to make.

And this system keeps ears on lockdown,
Keeps them unconscious to the sound,
A deafening drown,
It breaks up,
It falls apart,
This engine stops and idles out,
And these days have fallen out of sequences,
Which these frequencies mute out.

And this system's falling,
And I'm on overload,
And these days are numbered with feedback reigning
sounds,
It's falling apart.
