No more enslaved!

Here I am your humble servant  
It's time for you to give some answers  
To the questions of my mind!  
Here I am, one of many mortals  
Tell me now because I no longer wish to be blind

Forgive me father for my sins  
I've lost my faith in you

[CHORUS]

I am no more  
A am no longer your slave  
I am no more enslaved

I've been wandering towards your light all my life  
With broken wings I struggle hard to take to the sky  
Falling down neglected by your grace  
I come to realize my life it is a lie

Forgive me father for my sins  
I've lost my faith in you

[CHORUS]

I am no more  
A am no longer your slave  
I am no more enslaved

Follow me or there's no way to be free  
Why should you decide the way we live our life... set us  
free!

Forgive me father for my sins  
I've lost my faith in you

[CHORUS]
