Destroy and kill you can see him arise  
Traces will burn in the sky  
Beware O mankind cause you might die  
He will not care for you're tears

Dressed in black with weapons of Steel  
He's ready to fight and attack  
Beware O mankind cause you might die  
He will not care for you're tears

He's turning the sun blinded by darkness  
He follows the trace of mankind  
The freedom is gone no longer near  
Is a message from hell you can hear

When the fireballs are kissing the clouds  
Humans in terrible fear  
So hear the mighty call of his sword  
Now you will obey the black lord

You cannot destroy the empire of rage  
He feeds you with pain as you fall  
So hear the mighty call of his sword  
Now you will obey the black lord

He's turning the sun into darkness  
As he follow the trace of mankind  
The freedom is gone no longer near  
Is a message from hell you can hear

Destroy and kill you can see him arise  
Traces will burn in the sky  
Beware O mankind cause you might die  
He will not care for you're tears

Dressed in black with weapons of Steel  
He's ready to fight and attack  
Beware O mankind cause you might die  
He will not care for you're tears

He's turning the sun blinded by darkness  
He follows the trace of mankind

The freedom is gone no longer near  
Is a message from hell you can hear

[Solo]

Take control of your life before it's too late  
Get into the fire get rid of your hate

He's turning the sun blinded by darkness  
He follows the trace of mankind  
The freedom is gone no longer near  
Is a message from hell

He's turning the sun blinded by darkness  
He follows the trace of mankind  
The freedom is gone no longer near  
Is a message from hell you can hear
