You can call me at midnight
Cause I'll be waiting at home
And I'm impatient to answer
Got my hand on the phone
But it just doesn't ring
There's never any answer at all

Dreamin is easy
But no one likes to dream alone
Dreamin is easy
But no one likes to dream
No one likes to dream alone

I don't know how to reach you
If I could just break this spell
Do you think you could love me
There's only one other way to tell
Every time I call
There's never any answer at all

Dreamin is easy
But no one likes to dream alone
Dreamin is easy
But no one likes to dream
No one likes to dream alone

When will you realize I just wont go away
Not unless you say it from your heart
When will you realize it could happen any day
Could it be like that from the start

Chorus
