It ticks fast - Tick tack doom  
Lithium fills this whole room  
It's flooded there in front of us  
It's close to us

Let it fight - Win win loss  
A prostitute for the thrust  
A starlet yearns for death and lust  
She is one of us

I will never  
Never forgive  
Never ever forgive  
Arclight  
And the living will see  
Arclight  
How their death will be

Look at the past - It's tip top black  
A burnt life behind your own back  
It will never let you go there alone  
It's your flesh and bone

Here it comes - Take it - Bang!  
Stuck with your neck in it's fangs  
It's a copy of human dust  
It's sure one with us

I will never  
Never forgive  
Never ever forgive  
Arclight  
And the living will see  
Arclight  
How their death will be

All the lives I have lived  
Will die now  
And the stars lost their grace  
It's sulphur mixed with rain

Dig down your heart...

Dig down your heart in this soil  
Dig it down next to me  
Feed the flames so the serpents uncoil  
And let the arclight free
