Say what you want me to do  
And I will do it for you  
Say who you want me to do  
And I will do her too

And in the backstreets  
All the demons (laugh as hell)  
The wand some more  
Dobermans rasing Cain (in this loveless game)  
And you wait to score

They come in lines  
To welcome you  
They're shining through

From Babylon  
And the sights  
Will pierce your eyes  
Babylon  
With nightmares  
On both sides  
Babylon

Watch how I strangle this  
It is the infamous kiss  
Watch when I lick your fists  
I'll give 'em endless bliss

And the baby avatars  
Invites me  
With their nymphlike lips  
Blackish uniformed shapes  
On stolen tapes.  
Private hardcore flicks  
They come in lines  
To welcome you  
They're shining through

From Babylon  
And the sights  
Will pierce your eyes  
Babylon

With nightmares  
On both sides  
Babylon

Hold these hounds now  
I want you to see  
The thousand ways  
That lead to terror  
Hold these hounds now  
I want you to feel  
The endless grounds  
That are from horror

They come in lines  
To welcome you  
They're shining through

The human nakedness rides  
On the back of hell  
The virgins sex up their lives  
And I wish them well
